

MISSION

Redeux's Vision is to be the preeminent supplier of utility-scale, clean energy development projects to IPPs, utilities, and corporations, leveraging a multi-gigawatt-scale, technology- and process- enabled development platform. Our projects and partnerships will power the US energy transition to a clean, reliable electric grid.

VISION

Redeux's Vision is to be the preeminent supplier of utility-scale, clean energy development projects to IPPs, utilities, and corporations, leveraging a multi-gigawatt-scale, technology- and process- enabled development platform. Our projects and partnerships will power the US energy transition to a clean, reliable electric grid.

VALUES

Team

We are a collaborative Team with a learning mindset where everyone is valued.

We believe that investing in personal and professional growth is a key driver of our success. We provide a supportive, inclusive work environment and care about the physical and mental health of our team members. We offer opportunities for career advancement, competitive compensation packages, and performance incentives.

Mission Driven

We are a collaborative Team with a learning mindset where everyone is valued.

We are passionate about creating high-quality, valuable clean-energy development projects, and committed to making a positive impact in the communities where we work. Our team delivers exceptional results to our stakeholders, establishing long-term relationships that drive our business forward.

Transparency

We believe in the power of Transparency.

We provide clear and open communication with our customers, landowners, team members, partners, and investors. By prioritizing transparency and trust, we build strong, long-term relationships underpinned by confidence in our ability to understand our stakeholder needs and to deliver on our commitments.

Respect

Respect is at the core of everything we do.

We value and appreciate the unique perspectives, backgrounds, and experiences of our team members and partners. We are committed to fostering a thriving, inclusive, and supportive work environment where constructive feedback is encouraged, and everyone is heard.

Integrity

We believe that Integrity is the foundation to our success.

We are committed to upholding the highest standards of honesty, trustworthiness, and ethical conduct in all aspects of our business. Our team members act with integrity, and we hold ourselves accountable to our commitments and actions.

Innovation

We embrace Innovation and Agility.

We are passionate about pushing boundaries, exploring new ideas, and continuously improving our projects and processes. Our culture encourages measured risk-taking, learning from failure, seeking better solutions, embracing change, and agility to adapt to evolving market trends. We strive to increase our differential competitive advantages.

MISSION

Redeux's Mission is to be the preeminent developer of utility-scale, solar and battery energy storage projects that power the US energy transition to a clean, reliable electric grid. We create exceptional value for our partners and investors, and a great workplace for our employees. Our high-performing team strives to deliver quality projects that benefit the climate and local communities.
